

PTaaS Pricing - Infrastructure

Overview

The below pricing is based on the number of IP's that are to be tested within a range. We will be able to provide you with a network penetration test with remediation scans for your number of IP's. Our pricing table shows pricing for one-off testing and our more regular quarterly or monthly testing services. For any testing requirements that fall outside of our PTaaS service, these will be priced on a day rate of £900 per day.

PTaaS

Priced in packages by number of IP's. Get a one-off test or regular tests and reports on a quarterly or even monthly basis using our service. Our monthly testing service can be paid either as a one-off annual cost or paid monthly. This requires a 1-year contract.
