## Assumptions

To deliver a quality outcome we have assumed the following:

- 🌸 This is a time and materials proposal based on our estimation of the work required to be undertaken. We will endeavour to deliver the project within the time estimated and, in this event, will only bill for the time incurred
- 🌸 In the event the work requires different skillsets we reserve the right to propose alternate resourcing in discussion with you
- 🌸 Access to all relevant staff, data and information required are provided on a timely basis
- 🌸 Our work and analysis will be based on the best available information at the commencement of the engagement
- 🌸 Any expenses incurred will be passed on to the client at cost but will not exceed more than 10% of total fee excl VAT
- 🌸 The project can be delivered remotely, using video-conferencing tools to engage with stakeholders. We have costed for one week on the ground in Adelaide, but the ability to do this is dependent on no interstate travel restrictions being implemented between TAS and SA during the project delivery window and is outside of our control
- 🌸 Our resources work an 8-hour day if more work is required you will be billed at our hourly rate (daily rate/ 8) based on time incurred
- 🌸 Our invoice for this project will be submitted upon conclusion of the engagement and our terms of payment are 15 days.
