YOUR MIGRATION STRATEGY TO THE AZURE® CLOUD

Motivation

There are many reasons to move to the cloud and even more ways to get there. But where do I start? Which of my applications benefit the most? Which managed Azure services can I use to simplify and optimize my application landscape? How can I leverage all these new capabilities to optimize my overall IT organization? This offering will provide you with the expert knowledge to guide you through all your questions and develop a tailormade roadmap to move your organization to the Azure Cloud.

What We Bring

20 years of experience with custom software development projects for many of the world's largest enterprises has generated the expertise needed for PRODYNA to help you modernize and migrate to the Azure Cloud. We are a Microsoft Gold Partner and Cloud Solution Provider and have guided many organizations on their journey to the cloud. What sets us apart is our strong background in building large scale enterprise applications using open-source software for the cloud as well as for traditional on-premises environments. Our emphasis on open-source software is also reflected by our engagement at the Cloud Native Computing Foundation (CNCF). You can directly benefit from our practical experience, DevOps mindset and the daily use of cloud native paradigms by not only giving you access to our experts but also to a wide set of best-practices and blueprints developed throughout many customer projects:

- ⏩ GitOps based Azure governance and management processes
- ⏩ Concepts for secure integration of existing on-premises environments based on Microsoft best-practices
- ⏩ Rearchitecting strategies for making your existing applications cloud ready
- ⏩ Blueprint for a cloud native software delivery pipeline

What You Need

To make the best use of this offer and permit a fast and efficient execution, you will need:

- ⏩ Clear objectives for migrating to Azure
- ⏩ Availability and support of key stakeholders and your subject matter experts (e.g. IT management, HR, infrastructure, dev, ops, security, etc.)

🕐 Duration
5 person days

👍 Benefits

- ❯ **Fast answers:** Get your cloud initiative started with this offer
- ❯ **Have a plan:** This offer will provide a roadmap for your cloud migration
- ❯ **Be able to take decisions:** The result of this offering is decision memo
- ❯ **Start your migration quickly:** PRODYNA can accomplish all of your technical migration and application development needs

🚀 Pricing
EUR 6000
Fixed price offer

What You Get

Step	Actions	Deliverables
Day 01 **Kickoff**	▸ Introduction and outline of the envisioning process ▸ Overview of current state: 　➤ Business drivers 　➤ IT processes and landscape 　➤ Software supply-chain ▸ Formalize major objectives for cloud adoption (e.g. agility, cost, scale, etc.)	▸ Clear picture for the upcoming days ▸ Common understanding of the as-is situation ▸ Validated list of cloud migration objectives
Day 02 **Business Actions**	▸ Identify business actions and assign responsible stakeholders: 　➤ What skills do I need? 　➤ Where can I optimize my organizational processes? 　➤ How do I manage expenditures? 　➤ How can I measure the benefits of adopting Azure?	▸ Action plan for business perspectives
Day 03 **Technical Actions**	▸ Identify technical actions and assign responsible stakeholders: 　➤ What does Azure have to offer and how can it support my business? 　➤ How can I secure my cloud assets? 　➤ What patterns and architectural best-practices should I adopt? 　➤ How can I manage, operate and support my applications in Azure?	▸ Action plan for technical perspectives
Day 04 **Initial Use-Case**	▸ Define initial use-case for Azure migration: 　➤ Identify high-value, low to medium complexity use-case 　➤ Define high-level target architecture 　➤ Establish timeline 　➤ Estimate costs	▸ Well defined initial Azure migration user-case
Day 05 **Final Results**	▸ Consolidate work results ▸ Final presentation: 　➤ Action plan 　➤ Migration plan for initial use-case	▸ Management presentation

About PRODYNA

PRODYNA is an innovative IT consultancy specializing in the creation of custom software solutions and serving the needs of corporate enterprises across the European continent. PRODYNA is a Microsoft Gold Partner, Kubernetes Certified Service Provider, Kubernetes Training Partner, and a member of the Cloud Native Computing Foundation.
