Applied Network Solutions Limited - Hedgehog

Pricing (including unit prices, volume discounts (if any), data extraction etc.)

Hedgehog simplifies library management with a cloud solution, which is easy to use, configure and requires minimal training. Hedgehog is characterised by colourful intuitive web pages to manage collections of any type including books, equipment, toys, documents and digital items.

With Hedgehog you get the latest innovations in library management packaged in a fully tested solution which is packed full of the latest time-saving and money-saving features for PCs, laptops, tablets and mobile devices. The core solution is based on international MARC 21 standards and includes all core library management functions in one price.

For the Library Management System:
