Applied Network Solutions – eSurvey (Polls & Surveys)

Pricing (including unit prices, volume discounts (if any), data extraction etc.)

eSurvey may be purchased for individual surveys or for a period of time.

For an individual survey: £ 7000 per survey.

This package includes:□

□□

- Loading of membership database into solution
- Creation of survey
- Creation of website for input and publication of survey
- Sending of survey invitation to target audience
- Facilities to monitor results and create summary report
- Publication of survey report results on website

For the rental of eSurvey: £ 1,400 per month per instance.

This allows you to create unlimited surveys and look after your membership database within the twelve month period and to have a website where these results may be published.
