

Pricing Document

Pricing

Our services are priced by a common set of rates tables, based on the 'Skills for the Information Age (SFIA)' Definitions & Rate Card. The SFIA is downloadable from the G-Cloud listing page. This rate card outlines for consultants of different levels of experience undertaking different types of roles in varying types of projects, ranging from £350 to £1000 per day.

SFIA

We would typically look to agree the level of supporting resources required for a given project with a client before proceeding. The SFIA Rate Card is available as a separate attachment, downloadable from the service web page, and lists the range of day rates applicable to this service.

Other information

Tailwind Digital does not apply sector-specific pricing. All pricing information is quoted in pounds sterling (GBP) and prices are exclusive of VAT at the applicable rate (unless otherwise stated).
