## Canvs support pricing structure

---

On the following slide we have set our our standard rate card for G-Cloud 14, aligned to the SFIA rate structure.

- The pricing structure is based on unit-based pricing, in this instance a unit is defined as a person for a day.
- Our prices are quoted in Pounds Sterling (GBP) and are quoted exclusive of VAT.
- During the scoping discussion, a full price will be agreed based on the number of units at each level that will be required to deliver the agreed service.
- Our pricing rate card assumes that all work undertaken will be on a Time-and-Materials basis with billing monthly in arrears based on actual utilisation. Our payment terms are 30 days from presentation of a valid invoice.
