VE3 Global Ltd
G-Cloud 14 Pricing Document
SQL Server Database - Sentinel by VE3
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 285907523648631.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £6,600 per year

Includes one live database environment, one test or pilot environment, up to 5 monitored databases, up to 5 named admin or power users, standard dashboards, alerts and the core monitoring library.

Professional – £14,400 per year

Includes all Foundation features, plus up to 20 monitored databases, up to 15 named admin or power users, performance analytics, API access, backup monitoring and cross-database reporting.

Enterprise – £27,600 per year

Includes all Professional features, plus up to 50 monitored databases, up to 50 named admin or power users, single sign-on, role-based access control, audit export and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £1,800 one-off

Includes initial service setup, baseline configuration and onboarding of up to 3 database or monitoring integrations.

Additional database or monitoring integration onboarding – £450 one-off per item

Applies to each additional database or monitoring integration above the first 3 items included within the onboarding charge.

3. Optional published add-ons

Additional monitored database pack – £1,800 per year

Adds up to 5 additional monitored databases to any subscription tier.

Advanced performance analytics add-on – £2,400 per year

Provides advanced query analytics, anomaly detection and performance optimisation dashboards. This add-on is included within Enterprise.

Private deployment option – £6,000 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Database monitoring, alerting, usage dashboards and standard support are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the monitored database volume, user entitlement and service options selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for this service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
