

VE3 Global Ltd
G-Cloud 14 Pricing Document
Cloud Application Development
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 - Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 550218502173532

Pricing basis: Published subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation - £700 per month per organisation

Includes one live application, one test environment, standard workflow capability, basic reporting, and up to 10 named business or admin users.

Professional - £1,500 per month per organisation

Includes all Foundation capabilities plus up to 3 live applications, API connectivity, advanced workflow automation, enhanced reporting, and up to 25 named business or admin users.

Enterprise - £3,000 per month per organisation

Includes all Professional capabilities plus up to 10 live applications, single sign-on, audit export, premium support, and up to 75 named business or admin users.

2. One-off setup and activation charges

Service onboarding and activation - £2,000 one-off

Includes initial service setup, baseline configuration, and onboarding of up to 3 interfaces.

Additional interface setup - £350 one-off per interface

Applies to each additional interface beyond the onboarding scope.

3. Optional published add-ons

Additional live application pack - £200 per month

Adds one additional live application.

Remote administrator or user training - £400 per session

Provides one remote training session for up to 10 attendees.

Annual prepayment discount - 5%

Applies to recurring subscription charges and is available to all buyers on the same basis.

4. Included as standard

Standard software support during UK business hours is included.

Standard workflow capability, administration controls and service monitoring are included within the subscribed entitlement.

Standard reporting and operational management are included.

5. Pricing assumptions and notes

Recurring charges are billed monthly unless otherwise agreed through a published payment schedule.

The applicable subscription tier is determined by the number of applications, interfaces and user entitlement selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for Cloud Application Development and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
