VE3 Global Ltd
G-Cloud 14 Pricing Document
VMWare - Virtualisation and Cloud computing
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 661040237686493.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £7,200 per year

Includes one live environment, one test or pilot environment, up to 5 virtualisation workloads or cloud services, up to 5 named admin or power users, standard dashboards, alerts and core virtualisation management features.

Professional – £15,600 per year

Includes all Foundation features, plus up to 20 virtualisation workloads or cloud services, up to 15 named admin or power users, enhanced monitoring, API access and cross-platform reporting.

Enterprise – £29,400 per year

Includes all Professional features, plus up to 50 virtualisation workloads or cloud services, up to 50 named admin or power users, single sign-on, role-based access control, audit export and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £2,000 one-off

Includes initial service setup, baseline configuration and onboarding of up to 3 virtualisation workload or cloud services.

Additional virtualisation workload or cloud service onboarding – £450 one-off per item

Applies to each additional virtualisation workload or cloud service above the first 3 items included within the onboarding charge.

3. Optional published add-ons

Additional workload pack – £2,400 per year

Adds up to 10 additional virtualisation workloads or cloud services to any subscription tier.

Advanced monitoring add-on – £2,100 per year

Provides enhanced capacity reporting, health monitoring and optimisation workflows. This add-on is included within Enterprise.

Private deployment option – £7,200 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Virtualisation monitoring, reporting and service management are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the workload volume, user entitlement and service options selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for this service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
