VE3 Global Ltd
G-Cloud 14 Pricing Document
Software Development
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 725227413073570.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £7,200 per year

Includes one live environment, one test environment, up to 3 application modules, up to 5 named admin or power users, standard dashboards, backlog reporting and the core development workflow library.

Professional – £16,800 per year

Includes all Foundation features, plus up to 8 application modules, up to 15 named admin or power users, API integration, CI/CD workflow support, automated reporting and release management.

Enterprise – £32,400 per year

Includes all Professional features, plus up to 20 application modules, up to 50 named admin or power users, single sign-on, role-based access control, audit export and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £2,000 one-off

Includes initial service setup, baseline configuration and onboarding of up to 3 application module or delivery workstreams.

Additional application module or delivery workstream onboarding – £450 one-off per item

Applies to each additional application module or delivery workstream above the first 3 items included within the onboarding charge.

3. Optional published add-ons

Additional application module pack – £2,400 per year

Adds up to 3 additional application modules or delivery workstreams to any subscription tier.

Advanced DevSecOps add-on – £3,000 per year

Provides enhanced CI/CD automation, vulnerability scanning workflows and release governance. This add-on is included within Enterprise.

Private deployment option – £6,000 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Backlog reporting, development workflow tracking and standard release management are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the application module volume, user entitlement and service options selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for this service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
