VE3 Global Ltd
G-Cloud 14 Pricing Document
Cloud Based Mobile Device Test Automation
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 - Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 817682081822987

Pricing basis: Published subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation - £1,200 per month per organisation

Includes up to 5 concurrent mobile devices, one automation workspace, standard reporting, scheduled execution, and up to 5 named admin or tester users.

Professional - £2,550 per month per organisation

Includes all Foundation capabilities plus up to 20 concurrent mobile devices, CI integration, shared script repository, enhanced reporting, and up to 15 named admin or tester users.

Enterprise - £4,800 per month per organisation

Includes all Professional capabilities plus up to 50 concurrent mobile devices, expanded device coverage, audit export, priority scheduling, and premium support.

2. One-off setup and activation charges

Service onboarding and activation - £1,850 one-off

Includes initial service setup, workspace configuration, and onboarding of up to 5 mobile applications or test suites.

Additional application onboarding - £400 one-off per application

Applies to each additional mobile application or test suite above the applications included within the onboarding charge.

3. Optional published add-ons

Additional device pack - £350 per month

Adds up to 5 concurrent mobile devices to any subscription tier.

Remote administrator or tester training - £450 per session

Provides one remote training session for up to 10 attendees.

Annual prepayment discount - 5%

Applies to recurring subscription charges and is available to all buyers on the same basis.

4. Included as standard

Standard software support during UK business hours is included.

Execution dashboards, script administration controls, and standard defect reporting are included.

Standard automation scheduling, device management, and operational administration within the subscribed entitlement are included.

5. Pricing assumptions and notes

Recurring charges are billed monthly unless otherwise agreed through a published payment schedule.

The applicable subscription tier is determined by the required device capacity and user entitlement selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for Cloud Based Mobile Device Test Automation and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
