VE3 Global Ltd
G-Cloud 14 Pricing Document
Automated Vulnerability and Penetration Testing Solution
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 - Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 855749373533040.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation - £7,200 per year

Includes one live environment, one test environment, up to 100 monitored assets, up to 3 named security users, weekly automated vulnerability scanning, standard dashboards, and remediation reporting.

Professional - £15,600 per year

Includes all Foundation features, plus up to 500 monitored assets, up to 10 named security users, daily scanning, web application testing, attack path analysis, and enhanced reporting.

Enterprise - £30,000 per year

Includes all Professional features, plus up to 2,000 monitored assets, up to 25 named security users, continuous validation, advanced audit export, premium support, and enhanced resilience controls.

2. One-off setup and activation charges

Service onboarding and activation - £2,000 one-off

Includes initial service setup, baseline configuration, and onboarding of up to 100 monitored assets.

Additional asset onboarding - £250 one-off per 100 assets

Applies to each additional block of 100 monitored assets above the first 100 assets included within the onboarding charge.

3. Optional published add-ons

Additional monitored asset pack - £1,800 per year

Adds up to 100 monitored assets to any subscription tier.

Advanced web application testing add-on - £2,400 per year

Provides expanded automated web application testing and reporting. This add-on is included within the Enterprise subscription.

Private deployment option - £6,000 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging, and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Scheduled vulnerability scanning, alerting, and remediation reporting are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the asset volume and user entitlement selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for Automated Vulnerability and Penetration Testing Solution and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
