G-Cloud 14 Pricing Document
UiPath RPA (Robotic Process Automation) Platform & Process Mining Licenses
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 859768470951264.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £9,600 per year

Includes one live environment, one test environment, up to 5 automation processes, up to 5 named automation or admin users, standard dashboards, process mining views and the core automation library.

Professional – £19,200 per year

Includes all Foundation features, plus up to 20 automation processes, up to 15 named automation or admin users, process mining analytics, API access and automation orchestration reporting.

Enterprise – £36,000 per year

Includes all Professional features, plus up to 60 automation processes, up to 50 named automation or admin users, single sign-on, role-based access control, audit export and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £2,500 one-off

Includes initial service setup, baseline configuration and onboarding of up to 5 automation processes.

Additional automation process onboarding – £500 one-off per automation process

Applies to each additional automation process above those included within the onboarding charge.

3. Optional published add-ons

Additional automation process pack – £2,400 per year

Adds up to 10 automation processes to any subscription tier.

Advanced process mining add-on – £3,600 per year

Provides enhanced process discovery, bottleneck analysis and automation opportunity reporting. This add-on is included within Enterprise.

Private deployment option – £7,200 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Automation runtime tracking, process mining reporting and standard workflow management are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the automation process volume, user entitlement and service options selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for this service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
