VE3 Global Ltd
G-Cloud 14 Pricing Document
Oracle Planning and Budgeting Cloud (PBCS), EPM Services
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 912299883335471.

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £8,400 per year

Includes one live environment, one test environment, up to 3 planning models, up to 5 named planner or admin users, standard dashboards, alerts and the core PBCS configuration library.

Professional – £18,000 per year

Includes all Foundation features, plus up to 8 planning models, up to 15 named planner or admin users, scenario modelling, API access and cross-model reporting.

Enterprise – £34,800 per year

Includes all Professional features, plus up to 20 planning models, up to 50 named planner or admin users, single sign-on, role-based access control, audit export and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £2,250 one-off

Includes initial service setup, baseline configuration and onboarding of up to 3 planning models.

Additional planning model onboarding – £500 one-off per planning model

Applies to each additional planning model above the entitlement included within the onboarding charge.

3. Optional published add-ons

Additional planning model pack – £3,000 per year

Adds up to 3 additional planning models to any subscription tier.

Advanced forecasting add-on – £2,400 per year

Provides enhanced forecasting, scenario analysis and management reporting workflows. This add-on is included within Enterprise.

Private deployment option – £7,200 per year

Provides a dedicated private deployment for buyers requiring a segregated environment.

4. Included as standard

Role-based access control, standard audit logging and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Planning model configuration, scenario management and reporting controls are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the planning model volume, user entitlement and service options selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for this service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
