Framework / Lot: RM1557.14 / Lot 2 – Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 916515264725127

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation – £7,200 per year

Includes one live service instance, up to 3 automation workflows, up to 2 attended automation licences, standard dashboards and baseline administration features.

Professional – £14,400 per year

Includes all Foundation features, plus up to 10 automation workflows, up to 5 attended or unattended automation licences, intake workflow support and enhanced reporting.

Enterprise – £26,400 per year

Includes all Professional features, plus up to 25 automation workflows, advanced orchestration, machine learning and NLP enablement, analytics and premium support.

2. One-off setup and activation charges

Service onboarding and activation – £2,000 one-off

Includes initial setup, service activation, baseline configuration and onboarding of up to 3 automation workflows.

Additional workflow onboarding – £500 one-off per workflow

Applies to each additional workflow above the first 3 workflows included within the onboarding charge.

3. Optional published add-ons

Additional automation workflow pack – £2,400 per year

Adds up to 5 additional automation workflows to any subscription tier.

Machine learning and NLP add-on – £3,000 per year

Provides enhanced model enablement, document intake support and advanced analytics capabilities.

Premium orchestration and support option – £3,600 per year

Provides enhanced orchestration support, priority issue handling and extended administration support.

4. Included as standard

Standard administration, service usage reporting and baseline orchestration are included within the service.

Standard software support during UK business hours is included.

Scheduled platform updates, monitoring and standard operational maintenance are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the workflow volume, licence entitlement and support option selected by the buyer.

Where the buyer exceeds an included entitlement, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for Intelligent Automation - RPA, Intake, BPM, Machine Learning , NLP, Analytics & Visualization and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
