VE3 Global Ltd
G-Cloud 14 Pricing Document
Earth Observation Datahub Application and Integration Service
Lot 2: Cloud Software

All prices are stated in GBP and exclude VAT. This document sets out the complete published pricing structure for this service so that a buyer can calculate the applicable Call-Off Contract charges without contacting the supplier.

Framework / Lot: RM1557.14 / Lot 2 - Cloud Software

Supplier: VE3 Global Ltd

Digital Marketplace Service ID: 963838149883344

Pricing basis: Published annual subscription pricing with fixed one-off onboarding charges and fixed optional add-ons.

1. Published subscription pricing

Foundation - £5,880 per year

Includes one live environment, one test environment, standard dashboard access, API connectivity, and up to 5 named admin or analyst users.

Professional - £12,600 per year

Includes all Foundation features plus advanced geospatial analytics, higher API throughput, expanded dashboard capability, and up to 15 named admin or analyst users.

Enterprise - £24,000 per year

Includes all Professional features plus premium support, expanded data processing capacity, advanced automation workflows, and up to 50 named admin or analyst users.

2. One-off setup and activation charges

Service onboarding and activation - £1,750 one-off

Includes initial setup, branding, baseline configuration, and onboarding of one primary data domain and one connected application.

Additional data source or integration onboarding - £500 one-off per source or integration

Applies to each additional data source, feed, or connected application beyond the standard setup included in onboarding.

3. Optional published add-ons

Additional data processing pack - £1,800 per year

Provides additional data processing capacity and higher-volume analytical workload support.

Advanced geospatial analytics add-on - £1,140 per year

Provides enhanced spatial analysis workflows, advanced modelling capability, and extended visualisation features.

Education discount - 10%

Applies to eligible public education buyers and is available to all buyers on the same basis.

4. Included as standard

Role-based access control, standard audit logging, and service usage dashboards are included within the service.

Standard software support during UK business hours is included.

Baseline dashboarding, API access, and standard integration capability are included within the subscribed service entitlement.

5. Pricing assumptions and notes

The annual subscription is billed annually in advance and is based on a minimum contract term of 12 months.

The applicable subscription tier is determined by the data processing capacity, user entitlement, and service options selected by the buyer.

Where the buyer requires additional data processing capacity, integrations, or analytical capability, the relevant published add-on charge will apply.

The prices in this document are the published G-Cloud 14 prices for Earth Observation Datahub Application and Integration Service and apply equally to all buyers. Any discounts are published in this document and are available to all buyers on the same basis.
