

Pricing Document

Service: Cloud Planning and Consultancy Services

Our Cloud Planning and Consultancy Services are tailored, and priced, for the education sector for simplicity. These prices are all subject to a 10% discount on our non-education prices and this is contained within the pricing presented here. This service is not available to non-education buyers.

The price is calculated based on primary schools, secondary schools and Multi-Academy Trusts (MATs).

- The cost for MATs is based on the number of schools the Trust contains, added to a base cost.

School Type	Price per school (incl Education Sector Discount of 10%)
Primary School	£1700
Secondary School	£3400
Multi Academy Trust Base Cost	£1700
Trust Primary School (First 10 Schools)	£850
Trust Secondary School (First 10 Schools)	£1700
Per Trust school after 10 schools	£425

For example, an MAT with 15 primary schools and 15 secondary schools would pay:

Base Cost for MAT: £1700

First 10 schools:

5 primary schools: $850 \times 5 = £4250$

5 secondary schools: $1700 \times 5 = £8500$

Remaining 20 schools: $20 \times 425 = £8500$

Total: £22,950.00
