

Current Licensing Fees for KorePRM®

Kore is a cloud-based SaaS solution.

Any requests for changes to the platform that are not included in our standard SaaS solution will be considered as customisation for the Customer, thus not included in the below licence fee but considered a separate service. If these are necessary, they will be charged as per the rate card provided in the “Skills For the Information Age (SFIA) rate card”.

Future Licensing Fees for KorePRM®

We are currently changing our pricing structure to meet the needs of our customers more readily. We are moving away from “viewer” and “editor” framework, in favour of a more enterprise tiering, whilst offering a module approach to the product.

This new pricing will not be confirmed until 30th June 2024 and will “go-live” during Q3 2024. The structure of the packaging and the new **estimated** pricing can be shown below:

Type of license	KoreCatalogue	KoreLite	KoreMaster
	<i>'One version of the truth' database with core governance capabilities</i>	<i>'Point end' governance tool to supercharge product management</i>	<i>Fully embedded end-to-end product governance platform</i>
<50 licences	~£30	~£100	~£250
50-100			
100-250			
250-500			
500-1000			
1000-2000			
2000+	~£15	~£25	~£75

(i) prices subject to negotiation (e.g based on length of contract, payment terms etc)

Additional Modules for KorePRM®

The following modules are in development and will be launched over the course of 2024/25. Other modules will come available as our product offering develops. Additional modules can be actioned on KoreMaster, only.
