

Cloud Transformation Support Service Pricing

03 May 2024

We perform services under the following pricing options:

Fixed Price: Suitable for well-defined projects with clear deliverables and timelines.

Agile Contracting: Suitable for clients who wish to undertake discovery type activities in a shared risk, shared direction type model

Time and Materials: Daily rates for consulting services, ideal for projects with evolving requirements:

For T&M we use SFIA grades and the price will vary on the role required to complete the work. Below is the price per day for each SFIA grade. For the other options we are happy to provide open book costings. Our fixed price and agile are typically based on an estimate of the work, with our SFIA rates plus a margin based on assessment of risk which varies based on the work at hand

- SIFA 4: £750
- SIFA 5: £900
- SIFA 6: £1000
- SIFA 7: £1200

All of our pricing will depend on the terms and conditions agreed under the framework
