Terms and Conditions of Service

Our offerings are governed by the provisions set forth in the G-Cloud 14 Framework Agreement and the accompanying Call-Off Contract. We adhere strictly to these standard terms without the need for supplementary conditions, except for a specific addendum addressing IR35 compliance. This addendum is to be attached to any G-Cloud 14 Call-Off Contract, reflecting our service provision status as outside the scope of IR35 legislation.

- Where permissible by security protocols, the service provider will utilize their own tools and equipment.
- The service provider is obligated to deliver services as necessitated by project timelines and mutually agreed schedules with the client.
- The service provider is responsible for allocating the requisite personnel and expertise to fulfill the service obligations.
- Remuneration for services rendered will be contingent upon the successful completion and delivery of agreed-upon outcomes and milestones.
- The client is amenable to the service provider's discretion in assigning appropriately skilled substitute personnel as needed.
