- Cost Avoidance through optimisation of data storage.
- Reduced Risk with Information Security Assurance and Standards Compliance.
- Seamless migration of data and transition of services minimises disruption.
- Better results from Development best practice, adherence to quality standards.
- Improved Resilience through disaster recovery and business continuity planning.

OVERVIEW

Leidos offers tailored Data Engineering Services to align with customer's infrastructure strategies, whether that be On-Cloud, On-Premise or a Hybrid approach. All of which can be delivered as part of a wider Leidos Solution offering or via a consultancy service.

The services offered by Leidos encompass:

- Data Collection, Capture and Ingest Services.
- Data Processing (ETL, Cleaning and Curing) Services.
- Data Storage Services.
- Data Replication and Streaming Services.
- Data Migration Services.
- Data Sharing Services.
- Data Labelling Services.
- Data Wrangling Services.
- Data Warehousing Services.
- Data Manipulation Services.
- Data Modelling Services.
- Data Pipelining Services.
- Data Optimisation Services.
- Data Interrogation Services.
- Data Transformation Services.
- Data Monitoring Services.
- Data Workflow Management Services.

We are technology partners and experts in delivering programmes with established Cloud-Technology providers, such as AWS, Microsoft Azure, Google Cloud, and other technology leaders in the data area, utilising COTS products and open-source technologies. We tailor our offerings to customers' detailed requirements and needs to provide maximum benefit to our customers with scalable, fit-for-purpose and cost-effective solutions.

2 ANY ONBOARDING AND OFFBOARDING SUPPORT YOU PROVIDE

Where relevant, Leidos will adopt a consultative approach with customers to define and validate their requirements in order to determine how best to engage with the services. The onboarding and offboarding process is dependent on the specific requirements of the solution, and the delivery methodology agreed upon.

3 PRICING

Please refer to the associated Pricing Document relevant to this Service.

4 TERMS AND CONDITIONS

Please refer to the associated Terms and Conditions Document relevant for our Service Offerings.

5 FURTHER INFORMATION

Please send your requirement to <u>publicsector@uk.leidos.com</u>. Alternatively, if you wish to discuss your requirements in more detail, please send us the following information and we will be happy to contact you:

- 1. Your organisation name
- 2. The name of this service
- 3. Your name and contact details
- 4. A brief description of your business situation
- 5. Your preferred timescales for starting the work.

ABOUT LEIDOS

Leidos is a leading partner to the UK government and the Scottish government as well as having key client partners in transportation and energy. Leidos employs 1300 people across the UK supporting technology and business process transformation programmes for clients such as the Home Office, the Ministry of Defence, the Metropolitan Police Service and NATS.

The success of this work in the UK and beyond shows that we are a trusted partner in the region and that our people can deliver innovative solutions to solve the most challenging problems.

LEVERAGING OUR CORE CAPABILITIES

Our technical core capabilities define the areas in which technical excellence is critical, not only for our business, but in the work we do daily to help customers achieve the important missions on the frontlines of their industry. Explore our core capabilities here.
