IBM Pricing

This is a summary of the key points to be considered by Buyers when considering the pricing of the IBM G-Cloud 14 Offerings.

1. Pricing associated with this offering is priced by product (hardware) or program (software) and is subject to actual inventory, machine configurations, service level, contract length, and payment terms and, as such, will be confirmed during contractual and pricing negotiations.
2. All pricing associated with IBM Service Offerings assume that a Parent Company Guarantee is not required. If one is required, then this will be at additional cost to the Buyer
