

Digital Discovery Workshop

Service description details

Digital Discovery Workshop

Methods' digital discovery workshop helps public sector organisations consider how they could deliver better digital public services. It provides the foundation for successful digital transformation by exploring digital maturity in your organisation, your digital ambitions, and opportunities for and barriers to digital modernisation in your organisation.

What is the Service

Methods offer digital discovery workshops with senior leaders, delivery focussed staff or a blend of the two. The session can be completed in a single day and uses our extensive knowledge of local government and a range of interactive tools and techniques to engage a wide range of stakeholders, build consensus and generate discussion about digital in your organisation.

What can it do for you

This service offers a cost-effective way to bring together key stakeholders to build consensus and understanding around how digital could be delivered in your organisation. Get a high-level snapshot of the types of ways that Methods can support your organisation for a small investment and leave the session with clear and precise, actionable outcomes and reusable outputs.

Service Features

- 1. One day workshop for senior and/or operational staff
- 2. Clear and precise, actionable outcomes and reusable outputs
- 3. Builds consensus with attendees in an interactive and engaging format
- 4. Assesses digital maturity
- 5. Explores digital ambition
- 6. Provides clarity on what organisations want to achieve from digital
- 7. Identify potential dependencies and barriers for change for services
- 8. Explore the types of opportunities digital could offer your organisation
- 9. Understand your organisation's readiness for digital change
- 10. Provides an insight into how a digital discovery works

Service Benefits

- 1. Extensive experience of the public sector, digital transformation and technologies
- 2. Built on our knowledge, supported by interactive tools and techniques
- 3. Objective challenge of your current digital thinking and approach
- 4. Creates a common understanding of digital maturity and digital ambitions
- 5. Identifies types of digital opportunities and barriers in your organisation
- 6. Generates discussion and builds consensus with key stakeholders
- 7. Understand how a digital discovery works
- 8. An opportunity to use key techniques with our experienced practitioners
- 9. Leave the session with clear, actionable outcomes and reusable outputs
- 10. Collaborative, interactive and engaging for any of your key stakeholders

Contact details

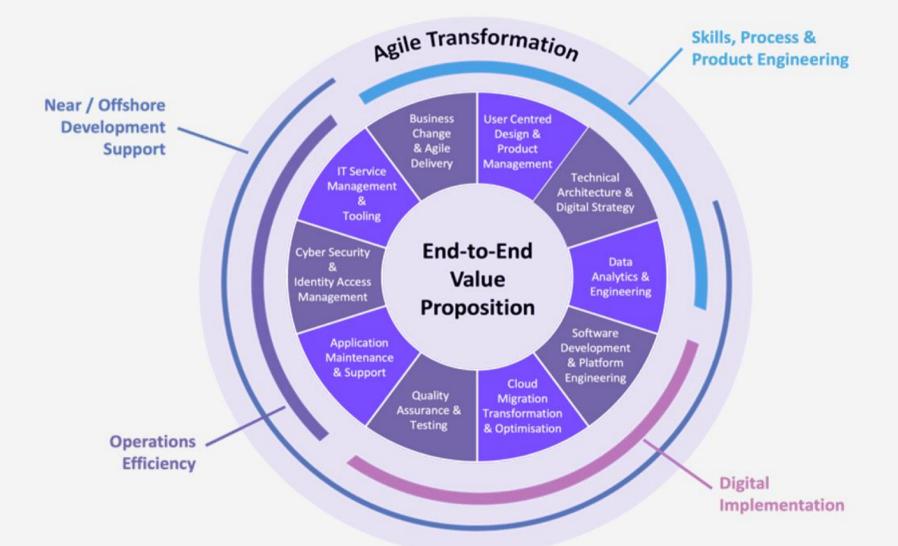

End-to-end transformation and innovation experts

Applying our skills in innovation and collaboration from across the Methods Group, to deliver end-to-end business and technical solutions that are people-centred, safe, and designed for the future.

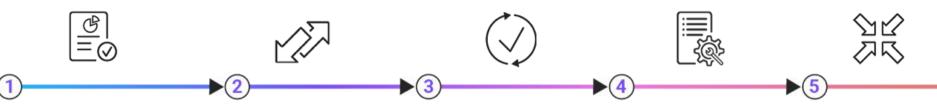

Methods provide collaborative and innovative solutions to help Central Government adapt to the changing landscape and deliver better outcomes for citizens.

With a focus on driving interoperability and innovation in UK Central Government, we have helped multiple organisations in the sector modernise their IT architecture, systems, strategy, and operating models to improve organisational resilience and service delivery.

Methods deliver wide-ranging services and thought leadership to support delivery including:

Onboarding and offboarding process

Understand Requirements

It is essential that we work with you to understand the requirement so that we provide the right resources with directly relevant experience at an appropriate level of seniority

Protect Team Availability

Having the right team on board from the start and maintaining continuity throughout the project ensures timely delivery of desired outputs

Work Synergistically and Innovatively

Drawing from our past experiences, we can frequently recommend optimal delivery methods and/ or alternative solutions which will deliver benefits (or costsavings) over time

Service Scope

Ensuring that the scope of the service to be delivered is properly quantified involves agreeing on logistics (e.g., deliverables, timelines, quality criteria, etc.) and understanding your constraints, sensitivities, and key drivers to match your expectations accurately

Review/Agree Engagement

After initial discussions and planning, you'll review and amend a draft Statement of Work(s)/Services to ensure mutual agreement and alignment of objectives before starting the assignment. We may iterate the Statement of Work(s) with you to finalise the requirements

Ordering and Invoicing

Once we have agreed a Statement of Work(s) we will sign the appropriate agreement and complete a Call Off contract with an attached Statement of Work(s), and submission of a Purchase Order. We will then set up a mutually acceptable start date and commence work.

Payment terms are 30 days or less as may be agreed.

Please note - we are unable to accept Government Procurement Card (GPC) payments.

Customer Responsibilities

For any given requirement, we will identify any dependencies on the customer (e.g. access to key stakeholders, facilities, documentation, etc.) and agree these at the start of the work.

Making a difference

The work we do each day is focused on delivering a positive difference for the public sector for the benefit of society as a whole.

Environment

We use the 'recycle, reuse, repair, refuse' approach to waste reduction to minimise landfill waste, support climate initiatives, and enhance biodiversity, creating a sustainable environment for our colleagues and community

Investment in Talent

We cultivate young talent through our GRAVITATE programme, championing vibrant apprenticeship and graduate schemes while aiding tech career exploration for individuals aged 14-24

Volunteering

We continue to support charitable causes that align with and support our values including our charity partner and VCSE initiatives

Diversifying our Supply Chains

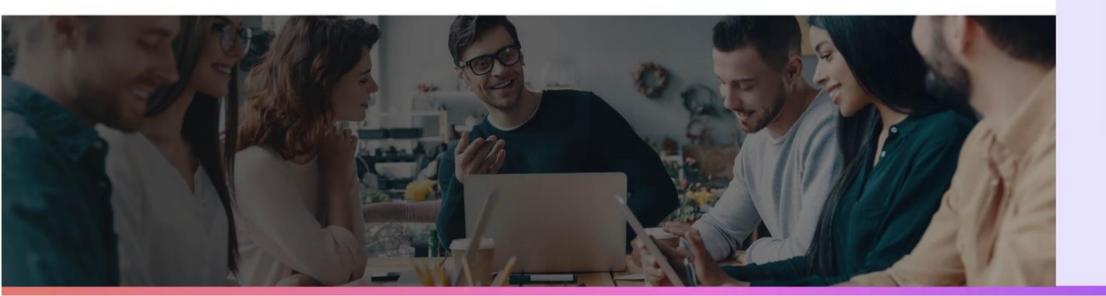

We diversify our local supply chains, promoting small business enterprise and engaging local people, SME, and micro-business suppliers

Staff Wellbeing

We offer career paths and continue to enhance our PDP processes, and maintain our commitment to the Armed Forces Covenant. Moreover, we continue to support our colleagues holistically, considering them as complete individuals at every career stage with Methods

Safeguarding Services

We continue to provide insightful thought leadership on leveraging modern technology to secure our public services for future generations. This involves speaking at industry events, educating youth on tech career paths, and offering pro-bono advice to senior policymakers

Customer stories

Stopped a Central Goverment high-severity Cyber threat in its tracks with a Threat Management solution that continuously monitors the security posture and responds to active cyber security incidents and vulnerabilities fast
