

P3M Maturity

Service description details

P3M Maturity

The P3M Maturity service reviews your current project, programme or portfolio management against our best practice framework, providing bespoke recommendations for improvement. This is provided as a collaborative service, with the objective of working together to deliver strong internal P3M practice.

What is the Service

Our P3M Maturity service provides a framework to assess and benchmark your current Portfolio, Programme or Project Management performance, providing a plan for improvement. Working with your P3M professionals, we will identify and prioritise deficiencies and gaps, delivering process improvements that meet your organisation's needs.

Our approach balances proven methodology with an understanding of what is right for your organisation's environment, applying approaches tailored to the scale and scope of the work. Through working collaboratively with stakeholders, our skilled and experienced professionals are able to transfer knowledge and skills to build sustainable capabilities in your team.

What can it do for you

End-to-end transformation and innovation experts

Applying our skills in innovation and collaboration from across the Methods Group, to deliver end-to-end business and technical solutions that are people-centred, safe, and designed for the future.

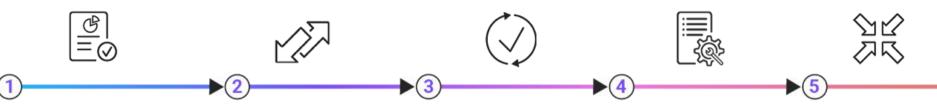

Methods provide collaborative and innovative solutions to help Central Government adapt to the changing landscape and deliver better outcomes for citizens.

With a focus on driving interoperability and innovation in UK Central Government, we have helped multiple organisations in the sector modernise their IT architecture, systems, strategy, and operating models to improve organisational resilience and service delivery.

Methods deliver wide-ranging services and thought leadership to support delivery including:

Onboarding and offboarding process

Understand Requirements

It is essential that we work with you to understand the requirement so that we provide the right resources with directly relevant experience at an appropriate level of seniority

Protect Team Availability

Having the right team on board from the start and maintaining continuity throughout the project ensures timely delivery of desired outputs

Work Synergistically and Innovatively

Drawing from our past experiences, we can frequently recommend optimal delivery methods and/ or alternative solutions which will deliver benefits (or costsavings) over time

Service Scope

Ensuring that the scope of the service to be delivered is properly quantified involves agreeing on logistics (e.g., deliverables, timelines, quality criteria, etc.) and understanding your constraints, sensitivities, and key drivers to match your expectations accurately

Review/Agree Engagement

After initial discussions and planning, you'll review and amend a draft Statement of Work(s)/Services to ensure mutual agreement and alignment of objectives before starting the assignment. We may iterate the Statement of Work(s) with you to finalise the requirements

Ordering and Invoicing

Once we have agreed a Statement of Work(s) we will sign the appropriate agreement and complete a Call Off contract with an attached Statement of Work(s), and submission of a Purchase Order. We will then set up a mutually acceptable start date and commence work.

Payment terms are 30 days or less as may be agreed.

Please note - we are unable to accept Government Procurement Card (GPC) payments.

Customer Responsibilities

For any given requirement, we will identify any dependencies on the customer (e.g. access to key stakeholders, facilities, documentation, etc.) and agree these at the start of the work.

Making a difference

The work we do each day is focused on delivering a positive difference for the public sector for the benefit of society as a whole.

Environment

We use the 'recycle, reuse, repair, refuse' approach to waste reduction to minimise landfill waste, support climate initiatives, and enhance biodiversity, creating a sustainable environment for our colleagues and community

Investment in Talent

We cultivate young talent through our GRAVITATE programme, championing vibrant apprenticeship and graduate schemes while aiding tech career exploration for individuals aged 14-24

Volunteering

We continue to support charitable causes that align with and support our values including our charity partner and VCSE initiatives

Diversifying our Supply Chains

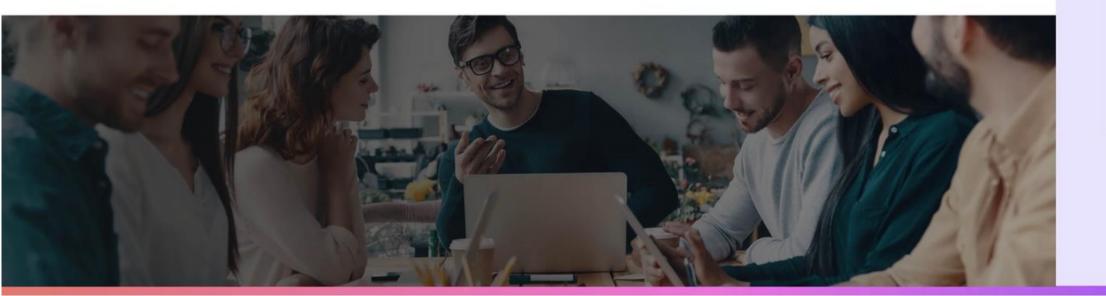

We diversify our local supply chains, promoting small business enterprise and engaging local people, SME, and micro-business suppliers

Staff Wellbeing

We offer career paths and continue to enhance our PDP processes, and maintain our commitment to the Armed Forces Covenant. Moreover, we continue to support our colleagues holistically, considering them as complete individuals at every career stage with Methods

Safeguarding Services

We continue to provide insightful thought leadership on leveraging modern technology to secure our public services for future generations. This involves speaking at industry events, educating youth on tech career paths, and offering pro-bono advice to senior policymakers
