M365 TENANT MIGRATION SERVICE

Providing remediation advice and a tenant migration approach.

HOW DOES THE SERVICE WORK?

The service starts with an onsite workshop and a deep dive investigation into the source and target tenants.

Using industry-leading software, our experts analyse the current source and tenant targets before creating a detailed report. This report gives an estimation of the activities required to migrate the target tenant(s) along with the relevant costs. In addition, the report outlines any remediation advice and migration approach recommendations discussed during the workshop.

BENEFITS TO YOU

People

You have access to Softcat's Microsoft-certified technical consultants to bridge any skills gap, without having to recruit additional resource.

Technology

We investigate several areas within the tenant, including identity, security, collaboration, and licensing. Softcat is a Microsoft Gold Partner for Security, Messaging, Windows and Devices, Cloud Productivity and Enterprise Mobility Management amongst others – we can deliver this for you.

Commercials

Our report summarises the source and target tenants, provides remediation guidance and a statement of works for migration. This reduces risk and time demand, providing efficiencies, streamlining migration and managing costs.

SUITABLE FOR YOU IF...

✓ You are planning to migrate data from one or more Microsoft 365 tenants to another Microsoft 365 tenant.

✓ You are undergoing a merger, divestiture, or acquisition.

✓ You would like to know the costs associated with a tenant migration.

✓ You're not sure of the best way to migrate to Microsoft 365.

✓ You need to understand the impact a tenant migration will have on your business.

WORKS WELL WITH

Microsoft 365 Readiness Assessment

Providing a structured assessment and overview of your existing infrastructure to evaluate your readiness for Microsoft 365 migration.

Microsoft 365 Security Assessment

Providing an audit of your Microsoft 365 and Office 365 environments against industry security benchmarks.

ACT Mergers, Acquisitions and Divestiture Service

WHAT'S INCLUDED

Tailored workshop – We start with a deep dive investigation into the source and target tenants, looking at users and your data, mail flow and identity.

Detailed overview – We look at the services to be migrated as well as security requirements and risk factors, to ensure a thorough approach.

Comprehensive report – Containing an overview of each tenant, remediation guidance and a statement of works for us to implement our recommended migration approach.
