LIQUIT

Liquit Workspace suite

Liquit Workspace is licensed per User. A license is subscription based. All of our subscriptions are automatically renewed unless cancelled during the subscription period according to provisions of the Liquit End User License Agreement (EULA).

- The mentioned prices are list prices;
- Prices are VAT/TAX-exclusive prices;
- Liquit offers discounts on licenses to academic institutions: only the licenses for staff will be charged. Students are eligible to use Liquit Workspace at no cost. provided that for all staff Liquit Workspace licenses are purchased;
- Liquit offers 50% discount on Named User licenses to non-profits that are designated as a charitable organization;
- Multi-year discounts are only available when full upfront payment is applicable;
- The Liquit Workspace with Release & Patch Management bundle includes Liquit Setup Commander (free of charge/on request);
- By default. Named Users are applicable. Partner is allowed to make an exception for clients from the Healthcare industry and offer Concurrent Users - the maximum number of users expected to use the platform/be logged in together. at any given time. The number of Concurrent users should be at least 1/3 of the total number of users that will get access to a Liquit Workspace;
- To compare our products and their features to determine which add-on is required to meet your business requirements. please visit our our product comparison page.
