Pricing list for Managed Sentinel Monitoring and Alerting

Managed Threat Detection and Response service (MDR) based on Microsoft Sentinel. Our service will collect data from your Azure Sentinel Deployment, providing you with the resource and escalation process to provide 24/7 threat monitoring, threat intelligence, incident analysis & alerting in support of your existing SOC team.

Rate Type	Days	Rate (Sell Price)	Notes
Set Up and Warranty	NA	**POA**	There is a one off set up charge that includes full onboarding, deployment and tuning of any technologies. Our MTDR service is priced for each individual client and is dependent upon the number of networks, data sources and endpoints within scope.
Ongoing security monitoring and response charges	NA	**POA**	Ongoing Charges are dependent on several factors such as number of networks, data sources and endpoints within scope; level of service required and hours of cover.
