

Ten10 Review & Roadmap Workshop

The Review and Roadmap workshop will look at your cloud services and produce an evidence based review with a strategic roadmap.

We run reviews across multiple cloud providers. We specialise in cost optimisation and stack optimisation with a pragmatic delivery roadmap enabling you to continue your strategic delivery with confidence.

Service Benefits

- Validation of existing Cloud & Delivery approach
- Strategic Roadmap to address any issues or improvements
- Shared insights from our industry expertise
- Pragmatic and achievable outcomes

Service Features

- Light weight involvement from existing team
- Actionable outcomes with estimates of effort needed
