PENETRATION TESTING

PENETRATION TESTING

We provide a full range of Penetration Testing services conducted by our CREST-certified testers. All of our tests can be configured to meet your specific business requirements, including compliance & supply chain requirements. Our dashboard-driven portal gives a breakdown of the vulnerabilities found, criticality levels and remediation advice – plus threat management and remediation tracking.

Test type	Pricing
Cloud Penetration Testing	£1,200 standard day rate*
Mobile Penetration Testing	
Network Penetration Testing	
Web App Penetration Testing	
Wireless Penetration Testing	
Social Engineering	
Red Team Assessments	£1,400 standard day rate*

*Discounts are available to educational institutions. Volume-based pricing available, depending on the size and scope of the test, and your security objectives.
