

**G-CLOUD PRICE LIST**

**RED TEAMING**

## RED TEAMING

Tailored offensive security services to elevate your cyber defences. Go beyond penetration testing to simulate a real-world attack from a determined adversary, and verify your operational, procedural & physical security.

Red team | Purple team | Black team | Assumed breach | EDR/XDR evaluation

### Test type

### Pricing

Red Team Services

£1,400 standard day rate\*

Volume-based pricing available, depending on the size and scope of the test, and your security objectives.

### Meet our red team

The breadth of skills we have in the red team allows us to be ultra-flexible and find innovative ways to circumvent the most mature cyber defences. We're always pushing our capabilities and I'm proud of my team's collective skills and expertise, not to mention the security outcomes we generate for our customers.

Dominic Mortimer  
Red Team Specialist
