Full List of Service Features

- Gartner Supply Chain Research — Foundational research, best practices, maturity models and toolkits help supply chain leaders run a demand-driven organisation. Includes vertical specific supply chain content across the industrial, high-tech, consumer, retail, healthcare, and life science industries. Research technology areas covered include ERP, BI, CRM and Supply Chain Management. In addition, leaders have access to the relevant Gartner IT Industry content published to the IAS Manufacturing and IAS Retail services
- Peer Community Contributed Content
- Key Insight Document Share — Team Leader may, on an occasional and infrequent basis, use Key Insights Document Share on gartner.com to forward to others in the

client company no more than 25 (twenty-five) individual Gartner research documents per contract year. This may not be done on a routine basis, or via posting on Client's intranet, or in any other manner that has the intent or effect of avoiding the purchase of additional Gartner User licenses

- Tools and Templates — Pragmatic advice and decision-making tools that can be readily adapted and applied to clients' daily activities. Includes at least one customisable tool (in Microsoft Office format) that can be used by a client to perform a task or activity
- Selected Vendor Reports
- Monthly Picks & News Analysis — Provides access to additional research, without impact on Document and Reversal Allocation. Picks are selected by Gartner research experts (10 per month); these documents are refreshed monthly and available only during the month they are selected. News Analysis is informed and immediate insight from Gartner on breaking news in IT
- Supply Chain Peer Networking — Access an exclusive, trusted community of IT and business professionals who share unbiased references and opinions on technology products and vendors to help avoid pitfalls and leverage one another's experiences with strategic IT initiatives
- Webinars — Periodic web conferences where Gartner analysts speak on timely topics in information technology and then solicit questions from listeners
- Individual Analyst Inquiry — Includes 50-minute sessions with Gartner research advisors to ask questions based on published research or request reviews of business-related documents
- Team Analyst Inquiry — Includes 50-minute sessions with Gartner research advisors to ask questions based on published research or request reviews of business-related documents. Team Members may lead the discussion or pose questions to the research advisor on their behalf or on the behalf of the team, provided the sessions are scheduled and attended by the Leader to advance the Team Leader's agenda
- Gartner BuySmart™ — Gartner BuySmart™ helps clients select and craft a fair deal (e.g., determine what they need, pick the right provider, align deal structure with needs, and negotiate contracts to optimise spend and reduce complexity) through inquiries and document/proposal reviews by reducing costs and avoiding common pitfalls using the most recent insights on technology spend management, contracting practices, and long-term risk mitigation
- Supply Chain Conference Ticket — Admission for one attendee to attend a Gartner Supply Chain Conference

Additional Terms & Conditions

- Limited release service subject to pre-qualification
- Team size minimum is 1 Leader + 1 Advisor Member OR 1 Leader + 2 Team Members, up to 10 Team Members. All Team Member licenses must be coterminous with the Leader license.
- Participation in inquiry calls is limited to the Licensed User(s) and the Research Expert ("expert") only (i.e., non-Users, either inside or outside of the client company, may not attend or otherwise participate on the call). The Team Leader is entitled to two types of inquiry: (i) inquiry sessions with an expert ("Individual Inquiry"), which may be scheduled and attended independent of other team members; and (ii) inquiry sessions with an expert and the Leadership Team ("Team Inquiry"). For Team Inquiry sessions: (i) the Team Leader must schedule and attend the sessions, and (ii) Team Members may lead the discussion or pose questions to the expert on behalf of the

team, provided all such questions and discussions advance the Team Leader's agenda.

- The Gartner Supply Chain Conference Ticket is a numbered identifier (e.g., 424562) that entitles the Licensed User to register for one (1) Gartner Supply Chain Conference as specified in the Ticket Letter emailed to Client. Tickets are valid for 12 (twelve) months from the date of issue, per the expiration date on the Ticket Letter. Tickets provided as part of a Gartner Research offering are valid only for Gartner conferences during the contract term of that Research offering. Tickets are transferable within the client company but may not be transferred to another company. A single Ticket may not be used by more than one (1) client employee and may not be used for admission to any Gartner conference
- Depending on travel advisories and/or government orders, at Gartner's sole discretion, some meetings and events may be held virtually
- Use of the Service is governed by the Gartner Usage Policy and the Gartner Copyright and Quote Policy, which are accessible on the Policies section of gartner.com.
