Our services are priced by a set of common rate tables, based on the ‘Skills for the Information Age (SFIA)’ Definitions & Rate Card. This gives day rate ranges for individual dxw people working as a multidisciplinary team, with multiple skills and levels of experience contributing to each project. We would expect to discuss and agree on the appropriate level of support required for each client project, to enable us to determine the appropriate rate.

dxw’s standard working day is 8 hours, inclusive of travel and lunch, Monday to Friday excluding national holidays. Our working hours are normally from 10:00—18:00.

Expenses for travel, mileage and subsistence are payable at the client’s standard rates.

Professional indemnity and public liability insurance are included in our day rates.
