1 Document control

1.1 Distribution List

Name	Role	Representing
Will Tonna	Head of Bid & Content	Cirrus

1.2 Change Control

The document and its associated procedures, templates and diagrams are created and maintained by the Cirrus Team. When a change must be made, the Cirrus team will record and agree the change with the team manager and a note will inform all in the distribution list that a change has occurred. The Cirrus team will periodically update this document to reflect agreed changes.

The issue level of this document is indicated by a 2-part issue number consisting of a major issue number and a minor revision number (m.n). Major revisions to the document are identified by a minor revision number zero (1.0, 2.0, etc.). Draft issues are indicated by an alphabetic revision level (e.g. 0a, 0b, etc. or 1.0a, 1.0b etc. or 1.1a, 1.1b etc.). The alphabetic revision level reflects the progress of the document through draft stages. Once a draft revision has been reviewed and approved for issue at a minor or major revision level, the document is created at that revision level and approvals recorded.

1.3 Amendment Record

Version	Date	Status	Comments
1.0	03/05/2024	Issued	First version
1.1	25/06/2025	Updated	Reflect updated sub-contractors
