

**PRICING TEMPLATE**

Landseer Partners provide our services on a resource based pricing basis. Our rates for the various resource skill levels are detailed in the attached SFIA document.

For more complex client requirements, we are able to undertake a small scoping study to provide a baseline for any wider project or programme. This also enables us to demonstrate our expertise and ability to work effectively with the client and their key stakeholders. If we were to undertake a scoping study we would discount the cost of the study by 25% against our fee rates.
