

G-Cloud 14 Pricing Document Legacy Modernisation for the Cloud

Legacy Modernisation for Cloud

Detailed pricing for this service is detailed in the accompanying SFIA rate card. The rate of between £400 and £1450 covers a range of disciplines.

More precise rates will be provided when an understanding is gained of the discrete skills and experience required along with the location and longevity of the requirement.

The rates may be impacted by the level of complexity of the cloud consultancy engagement.

The cloud consultancy engagements may be supported by one or more distinct role types within Jumar Technology’s range of delivery practices. This comprises, but it not limited to the following:

Cloud Practice • Cloud Architect • DevOps Engineer • Agile Cloud Developer • Cloud Quality Assurance Tester	Architecture Practice • Practice Lead • Chief Architect • Enterprise Architect • Data Architect • Business Architect • Solutions Architect • Technical Architect • Service Architect • Infrastructure Architect	User Centred Design • Content Designer • Graphic Designer • Interaction Designer • Performance Analyst • Service Designer • UCD Consultant • User Researcher • UX/UI Designer	Product Management and Project Delivery • Practice Lead • Product Manager • Product Owner • Programme Manager • Project Manager • Delivery Manager • Scrum Master • PMO • Transition Manager	Business Analysis Practice • Practice Lead • Business Analyst
				Innovation Practice • Architect • Analyst • Developer
