Microsoft Azure Services Support Options

April 2024

Support Services

Consultancy: Automation Consultants (AC) can provide consultancy work on the migration, implementation, configuration, and integration of Microsoft Azure systems.

The standard rate for AC consultancy is **£900 / day**.

Microsoft Azure Hosting: Azure hosting costs depends on numerous factors and so this is priced by a case-by-case basis. If you require a price for Azure hosting and consultancy, please contact the team at info@automation-consultants.com.

AC prides itself on having personable, dependable consultants who go the extra mile to achieve extraordinary results for its customers. AC hires the best talent within the industry, who keep up to date on the latest technologies through ongoing training and development. AC has consultants who hold industry-recognised accreditations across numerous faculties including Atlassian, AWS, GCP, Scaled Agile Framework® (SAFe), PRINCE2 Agile, and ITIL® 4.

AC is also able to advise and provide expertise across the whole software lifecycle, and has experience working with a wide range of Agile, DevOps and RPA technologies and practices. AC has a range of partnerships with relevant companies to facilitate this.
