Pricing Models

Our services listed on the G Cloud may be procured and/or priced in a number of ways. CirrusHQ will agree the most advantageous model ahead of the start of any proposed work.

- Time & Materials – standard commercial arrangement based on the rates for the Services listed on G-Cloud which will involve agreement to provide services and be invoiced monthly based on the work done.
- Fixed Price – we will agree with the customer a fixed price for the services based on an estimate of the work to be carried out, this will be invoiced by instalments based on deliverable milestones.

- Fixed Capacity – in this instance the service will be defined up to an agreed fixed number of resources (Core team) for a specific duration and not on the service / project outcome.
- Transaction Based – the services will be charged based on the number of transactions done within an agreed period of time.
- Outcome Based Pricing – the services are procured based on the desired outcome expected due to the presence of the service/project deliverable(s).
