Abnormal

Protect more. Spend less. Secure the future.

Protect More

“Abnormal helps us to better protect our organization because it’s in front of the flood of email threats. We’ve had zero fraud losses for two straight years since deploying Abnormal.”

— CISO, ADT
30,000 Mailboxes

Spend Less

“Because of Abnormal, our busiest months this year have required less response hours than our quietest months last year. Now we can proactively address other security threats.”

— CISO, Choice Hotels
10,000 Mailboxes

Secure the Future

“Budgets are getting tighter, so CISOs need to standardize on a few platforms and consolidate point-solutions that provide similar functionality. Abnormal is that platform.”

— CISO, Xerox
