Assure Behaviour

EVOTIX

BEHAVIOUR

Make health and safety part of everyone's role

Actively involving your workforce in health and safety encourages positive behaviours and helps embed health and safety into a business culture of simply 'how things are done'.

The Assure Behaviour module helps promote an inclusive health and safety culture, encouraging employees to actively view health and safety as part of their everyday activities. All employees and contractors can easily record safe and unsafe observations.

Pre-configured safe and unsafe observation reports and leadership tours can be completed on-the-go using a mobile device. Templates can be configured

to incorporate familiar organisational terminology. Information can be captured online or offline, making it simple and easy for any employee or contractor to contribute to your health and safety discussion.

Insights+, Assure's Business Intelligence tool, transforms data into actionable insights help support employee engagement and education. Share best practice, initiate friendly local competition and identify areas to target with health and safety initiatives or education.

Why Assure Behaviour?

- Easy for everyone to participate in health and safety activities
- Helps promote good practice behaviours across teams/departments
- Identify areas to target with training/initiatives
- Benchmark current performance, track improvements and demonstrate progress

Features

- Easily record safety observations 'at point of work' via mobile devices
- Automated reminders to prompt activities
- Track corrective actions to evidence safety compliance
- Create and conduct behavioural safety tours and inspections
- Deliver insights through management reports and interactive dashboards

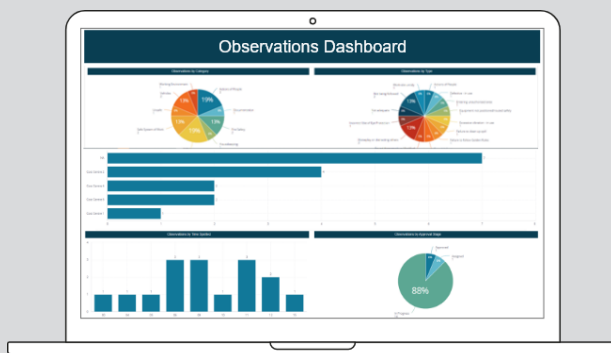

What's included?

- **Behavioural Safety Audit** – Create bespoke behavioural safety audits or leadership tour templates to support management teams to deliver focussed discussions on relevant health and safety requirements.
- **Safe/Unsafe Observations** – Allow all employees across your organisation to easily submit any safe or unsafe observations.

Proactively Manage Safety with Assure

Assure comes with a suite of standard features that support effective health & safety management. Create a flow of information by capturing data on the mobile web app AssureGO+. This triggers notifications to prompt next steps and ensures that any required actions are closed out efficiently and effectively.

All activities can be visualised and analysed in easy to use, configurable dashboards. This enables organisations to make the right strategic decisions to drive continuous improvement.

The mobile app interface shows a screen titled 'Complete a Site Safety Leadership Tour'. It includes a 'Start form' button and a 'Cancel' button. Below the button, there is a section for 'Report an Observ...' with a thumbs-up icon and a 'Complete a Site S...' button.

The mobile app interface shows a screen titled 'Report an Observation'. It includes fields for 'Observation Time' (Hour and Minute), 'Location/Place Details', 'Category' (Safe or Unsafe), and 'Observation' (a text area for details). There are 'Close' and 'Next' buttons at the bottom.
