Pricing Notes

- Final price will vary dependent on exact specification, including number of modules, module modes, number of users, transaction volumes, scope of services (e.g. number of key routes) and data integration requirements.
- For certain services, customers may need to provide applicable map licences, e.g. OS MasterMap or Google Maps API key.
- CausewayOne Network Cloud includes Road Management, Traffic Order Management and Street Works Management. Prices for each Cloud start from £15,000 per annum. Final price will vary dependent on exact specification, including number of modules, module modes, number of users, transaction volumes, scope of services (e.g. number of key routes), data integration requirements and fair usage limits.
- All prices exclude VAT.

Fair Usage Policy

The customer must ensure that only those individuals authorised to access the service (with valid email addresses from the customer's domain) attempt to use it. Access credentials should not be shared externally with any other individual or organisation, unless first agreed with Causeway.
