Additional Hubs Pack (5 off)	£6,450	£5,805	£5,483	£5,160

With CausewayOne Asset Strategy

CausewayOne Asset Management can be purchased at the same time, with a 20% reduction applied to the **CausewayOne Asset Strategy** fees. This only applies to new purchases, not where **CausewayOne Asset Management** is already used.

Exclusions

No hardware is provided as part of the software subscriptions. A minimum specification for mobile devices to run the mobile application can be provided on request.

Professional Services

Professional Services as detailed below are available on request to meet your individual needs. These services can be used to cover training, data migration, consultancy, along with any associated project management, all of which are not included in the pricing listed above.

Level	Day Rate
Assist	£950
Apply	£950
Enable	£1,050
Ensure, Advise	£1,050
Initiate, Influence	£1,150
Set strategy, Inspire, Mobilise	£1,150

Day rates are based on the following assumptions:

- **Consultant's Working Day:** 8 hours exclusive of travel and lunch.
- **Working Week:** Monday to Friday excluding national holidays.
- **Office Hours:** 9:00am to 5:00pm Monday to Friday.
- **Travel, Mileage and Subsistence Expenses:** These are excluded from the day rate and invoiced at cost.
- **Professional Indemnity Insurance:** This is included in the day rate.

Pricing Notes

- Final price will vary dependent on exact specification, including number of users, number of services and associated packages, scope of services, scope of training and data integration requirements.
- **CausewayOne Asset Management Core** includes 250GB of storage, a Live and Test environment and a message pack of 100,000 emails, 10,000 SMS messages and 3 Hubs per service area.
- The Test environment will be available for a limited number of users and system clones per annum following implementation of your service area/s. If post-implementation access to a Test environment is not required this can be reviewed.
- Usage types are determined by expected load on the API and aligned to our fair usage policy.
- For national organisations, the pricing above relates to a single operational area per region or directorate.
- All prices exclude VAT.

Fair Usage Policy

A fair usage policy is in place that includes:

- **API Usage** - separate rate limits by endpoint per minute (60,000ms) based on extensive performance testing as outlined in the table below.
- **Item Actions** - upto 1,000 create/edit/delete/close/patch link actions when acting on Tier 6 items using workflows.
- **Workflow Actions** - upto 1,000 HTTP posts, outgoing SMS messages or query node actions from a single workflow action.
- **Bulk Actions** - upto 1,000 models per request when using the bulk generic endpoint on NonTier 6 and 500 models per request on Tier 6.
- **Layers** – upto 500 layer styles relating to live datasets (frequently changing).

For any customers where their usage is affected by this policy we will work with them to try and establish what is driving their specific high usage and how individual usage patterns and habits can be modified. In extreme cases, we may be required to apply management techniques to reduce the impact on the service.

The customer must ensure that only those individuals authorised to access the service (with valid email addresses from the customer's domain) attempt to use it. Access credentials should not be shared externally with any other individual or organisation, unless first agreed with Causeway.
