Nothing in the Agreement relieves the Customer of any responsibilities

or liabilities under any Data Protection Laws. For the avoidance of doubt, any third party data processor appointed by the Customer to integrate or co-operate with the Services shall be the data processor of the Customer, not Ekco, and Ekco shall have no responsibility for the acts or omissions of the third party.

4 Ekco's compliance with Data Protection Laws

Ekco shall process Protected Data in compliance with the obligations placed on it under Data Protection Laws and the terms of the Agreement.

5 Instructions

Ekco shall only process the Protected Data in accordance with the Agreement including Part B of this Schedule, except to the extent:

5.1.1 that alternative processing instructions are agreed between the parties in writing; or

5.1.2 otherwise required by applicable law (and shall inform the Customer of that legal requirement before processing, unless applicable law prevents it doing so on important grounds of public interest).

5.2 Without prejudice to paragraph 3 of this Part A, if Ekco believes that any instruction received by it from the Customer is likely to infringe the Data Protection Laws it shall be entitled to cease to provide the relevant Services until the parties have agreed appropriate amended instructions which are not infringing.

6 Security

Taking into account the state of technical development and the nature of processing, Ekco shall implement and maintain the technical and organisational measures set out in Section 2 of this Schedule to protect the Protected Data against accidental, unauthorised or unlawful destruction, loss, alteration, disclosure or access.

7 Sub-processing and personnel

7.1 The Customer hereby authorises Ekco to engage third-party Sub-Processors in connection with the provision of the Services. A list of Sub-Processors engaged by Ekco from time to time is available on reasonable written request.

7.2 Ekco shall:

7.2.1 prior to the relevant Sub-Processor carrying out any processing activities in respect of the Protected Data, appoint each Sub-Processor under a written contract containing materially the same obligations as under this Schedule (including those relating to sufficient guarantees to implement appropriate technical and organisational measures) that is enforceable by Ekco and ensure each such Sub-Processor complies with all such obligations;

7.2.2 remain fully liable to the Customer under the Agreement for all the acts and omissions of each Sub-Processor as if they were its own; and

7.2.3 ensure that all persons authorised by Ekco or any Sub-Processor to process Protected Data are subject to a binding written contractual obligation to keep the Protected Data confidential.

8 Objection right for new Sub-Processors

Ekco may engage new Sub-Processors from time to time, provided always that Ekco shall comply with paragraph 7.2 of this Part A, before engaging the same in connection with the provision of the

applicable Services. The Customer may object to Ekco's use of a new Sub-Processor by notifying Ekco in writing within 7 days after receipt of Ekco's confirmation of the appointment of such Sub-Processor. In the event the Customer notifies Ekco in writing of a reasonable objection to a new Sub-Processor within such 7 day period, Ekco will use reasonable endeavours to avail the Customer of a change in the Services or recommend a change to the Customer's configuration or use of the Services to avoid processing of Personal Data by the new Sub-Processor. For the avoidance of doubt, Ekco shall have no liability for any failure to provide the Services which (i) arises due to the Customer's objection to the new Sub-Processor, or (ii) would not have arisen in the absence of the Customer's objection to the new Sub-Processor. If Ekco does not make available such change (or ensure that the Sub-processor will not process the Protected Data) within a reasonable period of time, either party may terminate the Agreement on 180 days written notice to the other (provided that the Customer's notice shall be ineffective if Ekco notifies the Customer prior to expiry of the Customer's notice of termination that the proposed additional Sub-processor shall not be engaged to process the Protected Data). Ekco will not be obliged to refund the Customer any prepaid Charges with respect to such termination, and the Customer shall pay any Fees due but unpaid on the date of termination.

9 Assistance

Ekco shall (subject to payment of Ekco's reasonable charges) assist the Customer in ensuring compliance with the Customer's obligations pursuant to Articles 32 to 36 of the EU GDPR (and any similar obligations under applicable Data Protection Laws) taking into account the nature of the processing and the information available to Ekco.

Ekco shall (subject to payment of Ekco's reasonable charges) and taking into account the nature of the processing, assist the Customer (by appropriate technical and organisational measures), insofar as this is possible, for the fulfilment of the Customer's obligations to respond to requests for exercising the Data Subjects' rights under Chapter III of the EU GDPR (and any similar obligations under applicable Data Protection Laws) in respect of any Protected Data.

10 International transfers

The Customer agrees that Ekco (or its Sub-Processors) may process and/or transfer, or otherwise directly or indirectly disclose, Protected Data in or to countries outside the European Economic Area and the United Kingdom without the prior written authorisation of the Customer, provided all such processing and/or transfers shall (to the extent required under Data Protection Laws, and excepting any transfer to the Customer or to another data processor appointed by the Customer) be effected by means of such legally enforceable mechanisms for transfers of Personal Data outside the United Kingdom and the European Economic Area as may be permitted under Data Protection Laws from time to time. This paragraph comprises part of the Customer's instructions to Ekco.

11 Audits and processing

Ekco shall, in accordance with Data Protection Laws, make available to the Customer such information that is in its possession or control as is necessary to demonstrate Ekco's compliance with the obligations placed on it under this Schedule and to demonstrate compliance with the obligations on each party imposed by Article 28 of the GDPR (and under any equivalent Data Protection Laws equivalent to that Article 28 of the GDPR). Ekco shall maintain, in accordance with Data Protection Laws binding on it, written records of all categories of processing activities carried out on behalf of the Customer. Ekco shall, in accordance with Data Protection Laws, contribute and allow for audits either by (at its option): (i) making available to the Customer interviews with Ekco personnel, and such reports, audits or other information in its possession as it considers appropriate, which the Customer must treat confidentially under the confidentiality provisions of the Agreement or under a non-disclosure agreement concluded between the parties; or (ii) responding to a written security questionnaire submitted to it by the Customer provided that

the Customer will not exercise this right more than once per year and will hold Ekco's responses in confidence under the confidentiality provisions of the Agreement.

12 Breach

Ekco shall notify the Customer without undue delay and in writing on becoming aware of any Personal Data Breach in respect of any Protected Data.

13 Deletion/return and survival

On the end of the provision of the Services relating to the processing of Protected Data, at the Customer's cost and the Customer's option, Ekco shall either return all of the Protected Data in its possession to the Customer or securely dispose of the Protected Data (and thereafter promptly delete all existing copies of it) except to the extent that any applicable law requires Ekco to store such Protected Data. This Schedule shall survive termination or expiry of the Agreement.
