

SERVICE OVERVIEW

Roq's Test Automation Migration service scopes, plans and delivers the migration to a new toolset. Key engineering team members are interviewed by our consultant. We review and assess the existing testing practices, tooling, documentation and test automation artifacts to develop a detailed plan for migration to the target platform.

SERVICE FEATURES

- Interviews with senior staff to understand capabilities
- Facilitated workshops with teams and internal communities
- Test automation scripting / coding practice review
- Existing test automation framework analysis
- Test automation strategy and design aligned to business outcomes
- Test automation tool assessment & selection including CI/CD tools
- Test case scripting following industry best practices
- Aligned to project methodology; Waterfall, V-Model, Agile and DevOps
- Detailed plan for migration
- Iterative approach – quickly delivering usable test automation assets

SERVICE BENEFITS

- Impartial expert advice to improve development, test and delivery function
- Practical roadmap for delivering change
- Increase effectiveness and efficiency of test tools
- Grow visibility of and confidence in the automated tests
- Improve automation usage to deliver faster change and higher quality
- Increase delivery of projects, organisational and IT change
- Client ownership of the automated solution
- Impartial expert advice choosing the appropriate frameworks/tooling

ABOUT ROQ

Roq is an independent, outcomes focused Quality Engineering consultancy. We give organisations the confidence to implement complex technology change through Quality Engineering, delivered by our brilliant people. By leveraging our comprehensive solutions, built upon our Q-Suite, a comprehensive collection of assets, AI and automation frameworks, and a consistent way of working, we keep focus on what truly matters to you.

Whether you are rolling out new platforms, modernising legacy technology, or delivering large-scale upgrades, we help you move at pace, without sacrificing quality. Partnering with us leaves your organisation in a better place for the future.

Our Quality Engineering solutions are tailored to build confidence into your technology delivery, no matter your sector. With proven expertise, innovative approaches, and deep industry insights, we ensure your technology consistently delivers exceptional performance and outstanding user experiences.

OUR VALUES

Straight Talking: We say it how it is, using open, honest and direct communication. You'll always have full visibility on progress, with clear, candid insights and independent guidance, so you are empowered to make informed decisions.

Excellence: We leverage our expertise to drive efficiency and deliver the best outcomes, maximising value for you at every step.

Passionate: We care about what we do. We're motivated by proactively identifying risks throughout the lifecycle, to help you prevent issues before they arise and stopping them from recurring.

Commitment: We see it through, and we deliver on our promises whilst surpassing expectations. You can be confident that we're committed to making measurable improvements that leave a lasting impact. We'll work closely with your team and implement sustainable practices to ensure long-term success.
