

WPC ELVIS Pricing

WPC ELVIS – Vehicle Recovery Management System from WPC Software Ltd.

Product Outline

For accurate prices for WPC ELVIS Cloud Software, customers will be placed into the relevant licence band in Section 1, then add fixed items in Section 2. Also please add any options required in Section 3.

The licensing model for WPC ELVIS is based on the size of the force. The overall licensing cost is split into bands based on the overall size of the force or organisation. The correct band is dependent on functionality and options required.

Section 1 – Annual Licence

Force/Organisation size	Total number of staff in organisation (up to)	Monthly Licence Fee	Conditions
Very Small	2300	£950 - £1,300	1. From the point of cancellation or non-payment the license is no longer valid.
Small	3300	£1200 - £1,500	1. From the point of cancellation or non-payment the license is no longer valid.
Medium	4300	£1,400 - £1,600	1. From the point of cancellation or non-payment the license is no longer valid.
Large	6500	£1,500 - £1,800	1. From the point of cancellation or non-payment the license is no longer valid.
Very Large	15000	£1,700 - £2,200	1. From the point of cancellation or non-payment the license is no longer valid.
Enterprise	15000 to unlimited	Prices start from £2,200 per month	1. From the point of cancellation or non-payment the license is no longer valid.
