MDR FOR ENDPOINT

BUNDLE DISCOUNT: MSS-MDR Services will be discounted 20% when bundled with Managed SIEM (MSS-SIEM-SERVICE)

A BlueVoyant Technical Customer Success Manager (CSM) will get assigned to a client whose Managed Security Service contract annual value is greater or equal to 125K USD ARR.
Items:
- Provides world-class service for custom engagement.
- Owns BlueVoyant Managed Security customer journey
- Safeguard the customer's MSS Experience, providing consistency, reliability and repeatability in communication and documentation.
- Interface between the customer and BlueVoyant Managed Security operations
- Owns customer issues from identification to resolution
- Uses professional and technical concepts to advise on best security practices to apply to customer environments
- Manages customer base independently based on their needs

The BlueVoyant CSM will support clients under 100K USD annual contract value that purchased a managed service that include CSM services. The CSM service for these smaller clients includes direct email support from a BlueVoyant CSM team member. A client may purchase CSM services annually for 10K USD annually, if the product/service they have purchased does not include a CSM.

MANAGED DETECTION AND RESPONSE+ (MDR+) Bring Your Own subscription (Client provided endpoint subscription) Service - Delivers remote endpoint threat detection, response and mitigation. It protects data assets and business operations from new malware and ransomware variants, zero-days, non-malware and file-less attacks. The BlueVoyant SOC provides 24x7 investigation and neutralizes threats on your behalf. This service includes the BlueVoyant Customer Experience Team. This service utilizes the client's existing Microsoft Defender ATP, SentinelOne, or Crowdstrike Falcon Endpoint Protection (Prevention+Insight) Subscription.

MINIMUMS: This Service has fixed fee pricing up to 600 endpoints and moves to per endpoint pricing from that point forward.
