

IntaForensics Ltd – G-Cloud Pricing for Lima Forensic Case Management

Pricing model overview

Lima cloud and hybrid cloud software services are provided on an annual subscription basis per module or on a licence and support model. Pricing is determined by the number of concurrent licences required, as set out in this document.

The minimum contract term is 12 months.

Payment terms

Lima cloud and hybrid cloud software services are invoiced annually in advance for the applicable subscription or licence maintenance period.

Invoices are payable prior to service commencement. Access to the services is provided following receipt of payment and completion of any required onboarding or implementation activities.

Alternative payment schedules may be agreed by exception, subject to commercial approval.

Lima Licence and Support Model

Lima can be licensed on a licence and annual support model. Pricing is determined by the number of concurrent users. The licence prices are cumulative to encourage wider adoption within the client organisation. i.e. a 4 user licence would consist of 2 licences at the initial rate band and 2 licences from the 3-5 band.

12 months' annual support and maintenance is included in the initial licence price.

Support and maintenance for the second and subsequent years is 30% of the initial licence fee, subject to 5% annual increase.
