Task Pool	£150.00
Submission Review	£94.00
LibraryLink Editor	£420.00

CAMS Desktop

The annual price for the core CAMS Desktop leased licence is as follows. Leased licences require corresponding MATS (see below).

No. licences	1	5	20
CAMS main database leased licence(s)	£2,071.74	£6,898.50	£15,524.91

A range of optional extensions and plugins for CAMS are available to add functionality to CAMS, which are detailed in the Service Definition document. The costs per annum for these optional components are as follows:

No. licences	1	5	20
CAMS Legal Module leased licence(s)	£543.12	£1,622.79	£3,761.33
CAMS Commons Register Management Module leased licence*	£208.05		
LibraryLink Editor leased licence(s)	£248.57	£1,242.85	£4,971.4
CAMS Mobile leased licence(s)	£388.73	£1,797.99	£6,112.29
CAMS Mobile API leased licence**	£323.03		

*Licensed per organisation, not per user, so maximum number required is 1.

**A single API is enough for most clients.

Purchase of CAMS licences is more cost effective if the software is used for more than three years, as it is a single one-off cost. Customers who own licences of CAMS or any of its extensions and plugins can use the hosted service with the annual licence cost stated above wholly discounted. In this scenario all other hosting costs apply. Annual software maintenance and unlimited technical support is also available. This includes an Annual Service Visit based at the customer's offices:

No. licences	1	5	20
CAMS MATS (ArcGIS version)	£1,506.72	£4,390.95	£9,438.90
CAMS MATS (MapInfo or QGIS versions)	£1,269.11	£3,253.25	£7,064.94
CAMS Legal Module MATS	£248.57	£486.18	£835.49
CAMS Commons Register Management Module MATS	£165.35		
LibraryLink Editor MATS	£269.37	£1,104.86	£2,387.10
CAMS Mobile MATS	£503.70	£1,614.03	£4,200.42
CAMS Mobile API MATS*	£315.36		

*A single API is enough for most clients.

Consultancy Services

If you need our services above and beyond any available Call-Off Support time, we offer additional Consultancy Services.

Consultancy Services time is charged in accordance with the type and level of skills required.

Idox Hosting

Idox Cloud Software packages are available hosted on our Idox cloud servers. Hosting on Idox servers is an affordable, scalable option that is suitable for most of our clients. Idox software licence costs, call-off support and application management are independent of the type of hosting.

Application Server Options

We run your applications on 64-bit servers running Windows Server operating system. We offer the following options, with additional options for storage, users, administration and backups below.

Package	RAM	Cores	OS Drive	Price per annum
Shared server (CAMS Pro)	n/a	n/a	n/a	£1,412.55
VPS 1*	8 GB	2	130 GB	£3,887.25
VPS 2*	16 GB	4	130 GB	£5,518.80
VPS 3*	24 GB	4	130 GB	£6,329.10

*Additional RAM and CPUs can be added to servers as follows.

Item	Price per annum
Additional RAM (per 4GB)	£388.73
Additional CPUs (per 2 CPUs)	£815.78

Data Storage Options

We provide a dedicated data drive on all Idox hosted Virtual Private Servers. Storage is charged at a rate of £0.76 per GB per annum. This pricing applies to any of the above server options and excludes database storage.

Database Server

Shared or dedicated SQL Server database servers. Pricing depends on the total database server space required. Off-site backups, with 30 days retention of the daily backup and 30 weeks retention of a weekly backup (simple recovery model) are included within all database server orders.

Item	Price per annum
SQL Server, per 5 GB per annum	£427.00
Dedicated SQL Server database server	Refer to VPS offers, plus POA for SQL Server licensing from Microsoft

Backup, Restoration and Recovery Options

Backups for your databases are included in database server orders, but beyond this you will also want security for your application files plus any images, documents and other files

stored on your server. We offer two levels of backup to protect against accidental loss or corruption.

Firstly, and for no extra charge, we backup images of the servers on-site on a regular basis for disaster recovery.

Secondly, we offer 'off-site' nightly backups, which involve copying files to a third-party cloud-based backup service, with retention of 10 versions of each file as standard. This 'off-site' backup provides the facility to recover accidentally changed or deleted files, and recovery from disasters that affect all other on-site measures. Optionally we can extend this backup to retain 10 versions of a *weekly* backup. Off-site backups are charged by volume as follows:

Volume	Price per GB per annum
First 10 GB	£16.52
Next 15 GB	£13.23
Next 25 GB	£9.92
Next 50 GB	£6.60
Next 150 GB	£3.31
Next 750 GB	£1.64
Over 1000 GB	£0.83

Recovery from hardware or system faults is carried out at our cost on a best endeavours basis; recovery of files at the client's request (e.g. accidental data loss) is carried out under call-off support time, or at standard consultancy rates if no call-off support time is available.

Users (CAMS Desktop only)

For CAMS Desktop, we charge £142.00 per connecting user (for the first ten seats, POA for more; our pricing is subject to changes in the UK Microsoft Public Sector Agreement) covering the costs of Windows Remote Desktop licensing, plus licence server management and configuration. By a user we mean a single named login account, which can be used from any computer. Note: this does not include licensing for any Idox applications such as CAMS, or for third party products like Microsoft Office, MapInfo Professional or ArcGIS - these licences must be supplied by you or purchased in addition.

Web Server Option

You may also want to run websites or services on your server, requiring installation and configuration of IIS. Note that running websites/services may have implications for the power/capacity needed on your server. Work to set up your web applications is carried out under call-off support time, or at standard consultancy rates if no call-off support time is available.

Web server, per annum	£509.00
-----------------------	---------

HTTPS/SSL Certificate Management

We can provide and/or manage certificate(s) on the server to ensure that all connections are secured by HTTPS/SSL.

HTTPS/SSL Certificate Management	£509.00
----------------------------------	---------

Hosted LibraryLink Server

We can provide a dedicated server for hosting a LibraryLink v5 implementation, including off-site backups, as detailed below.

RAM	Disk space	Price per annum
4 GB	50 GB	£930.00
4 GB	250 GB	£1,380.00
4 GB	0.5 TB	£1,834.00
8 GB	1 TB	£3,449.00
>8GB	>1 TB	POA

Call-off Support Options

Call-off support is available for Idox hosted packages.

Standard Idox technical support is by phone/email, but when you use our application hosting services you can ask us for more direct assistance. This can include online training, resolving data problems, retrieving files from backups, advanced configuration, in fact anything you need.

Call-off support time can be used for:

- On-boarding
- Set up of Precisely MapInfo, ESRI ArcGIS and QGIS with MapLink
- Data migration
- Training
- Configuration

Call-off support time is charged as follows

Call-off support, per day	£1030.00
---------------------------	----------

Application Management Option

Ensures that all available upgrades to applications on the hosted environment will be carried out at no additional cost, and on a scheduled agreed with the client.

Application upgrades and patches, per annum	£870.00
