# What is Me Learning's Care Certificate – Digital Learning Suite?

The Care Certificate – Digital learning suite is a comprehensive care guidance programme to ensure that if you're working in care, you're providing the best-quality and most compassionate service to vulnerable people.

All organisations with a responsibility for those in care will need to demonstrate that they've met the standards set out in the Care Certificate.

Despite the enormity and complexity of the Care Certificate, we've developed a suite that splits the 15 standards into individual,

easily manageable modules. So, this Care Certificate training is designed to suit you and your lifestyle – learn each of the standards in bitesize chunks that won't interrupt your workday.

On completion of the course, you will automatically get a certificate, along with your name, CPD hours, the date and learning objectives.

“ Me Learning provide us with several online training courses for our staff. As the administrator I always find them quick to respond, very helpful and keen to resolve any issues we may encounter. The training is usually easy to access and the courses are comprehensive and easy to understand.

I would definitely recommend them. ”
