What is Moodle Workplace

Moodle Workplace is a flexible learning management platform that encompasses all of the tools required to run an efficient, compliant workforce. Tools include an centralised learning platform, built-in and customisable reporting functions, defined hierarchies, content authoring, payment engines and more.

Why Moodle Workplace?

Quickly onboard new hires

Deploy training programmes through a centralised system

Minimise need for administrative tasks

Wraparound support means minimum input from you, we take care of all the moving parts

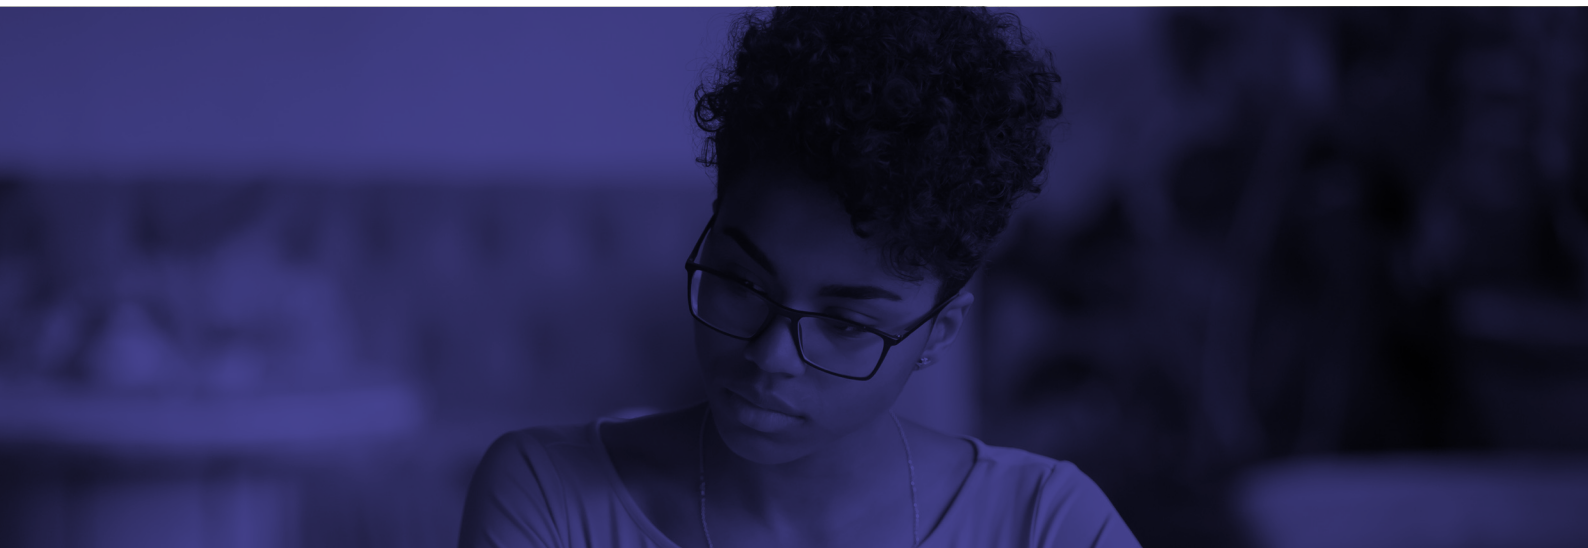

Ensure costs remain minimised

Saves you money as well as time with a cost efficient system

Maintain industry standard compliance

Track and manage your workforce's compliance, certifications and professional qualifications

How it works

The Titus and Me Learning team works closely with customers to scope, build and deploy Moodle Workplace and associated training content. Post go-live, both general and technical support is provided to customers for the duration of the project.

About Titus & Me Learning

Titus Learning and Me Learning have been partners since 2023 and provide customers with centralised, wraparound learning solutions. We are a dedicated team of training experts with a strong track-record of creating learning that unlocks workforce potential. Titus are a Premium Partner of Moodle and are a market-leader on new Moodle developments.

Titus currently works with clients in over 30 countries and has helped over 1.5 million users in various fields like business, charitable areas and education. They are the largest Moodle partner in the EMEA region and in the top 3 Moodle partners worldwide.

Why Me Learning?

Highly accredited

Our accreditation is second to none – Cyber Security Essentials Plus, ISO 27001 and ISO 9001 – we are used to working with organisations requiring the highest level of data security across sectors.

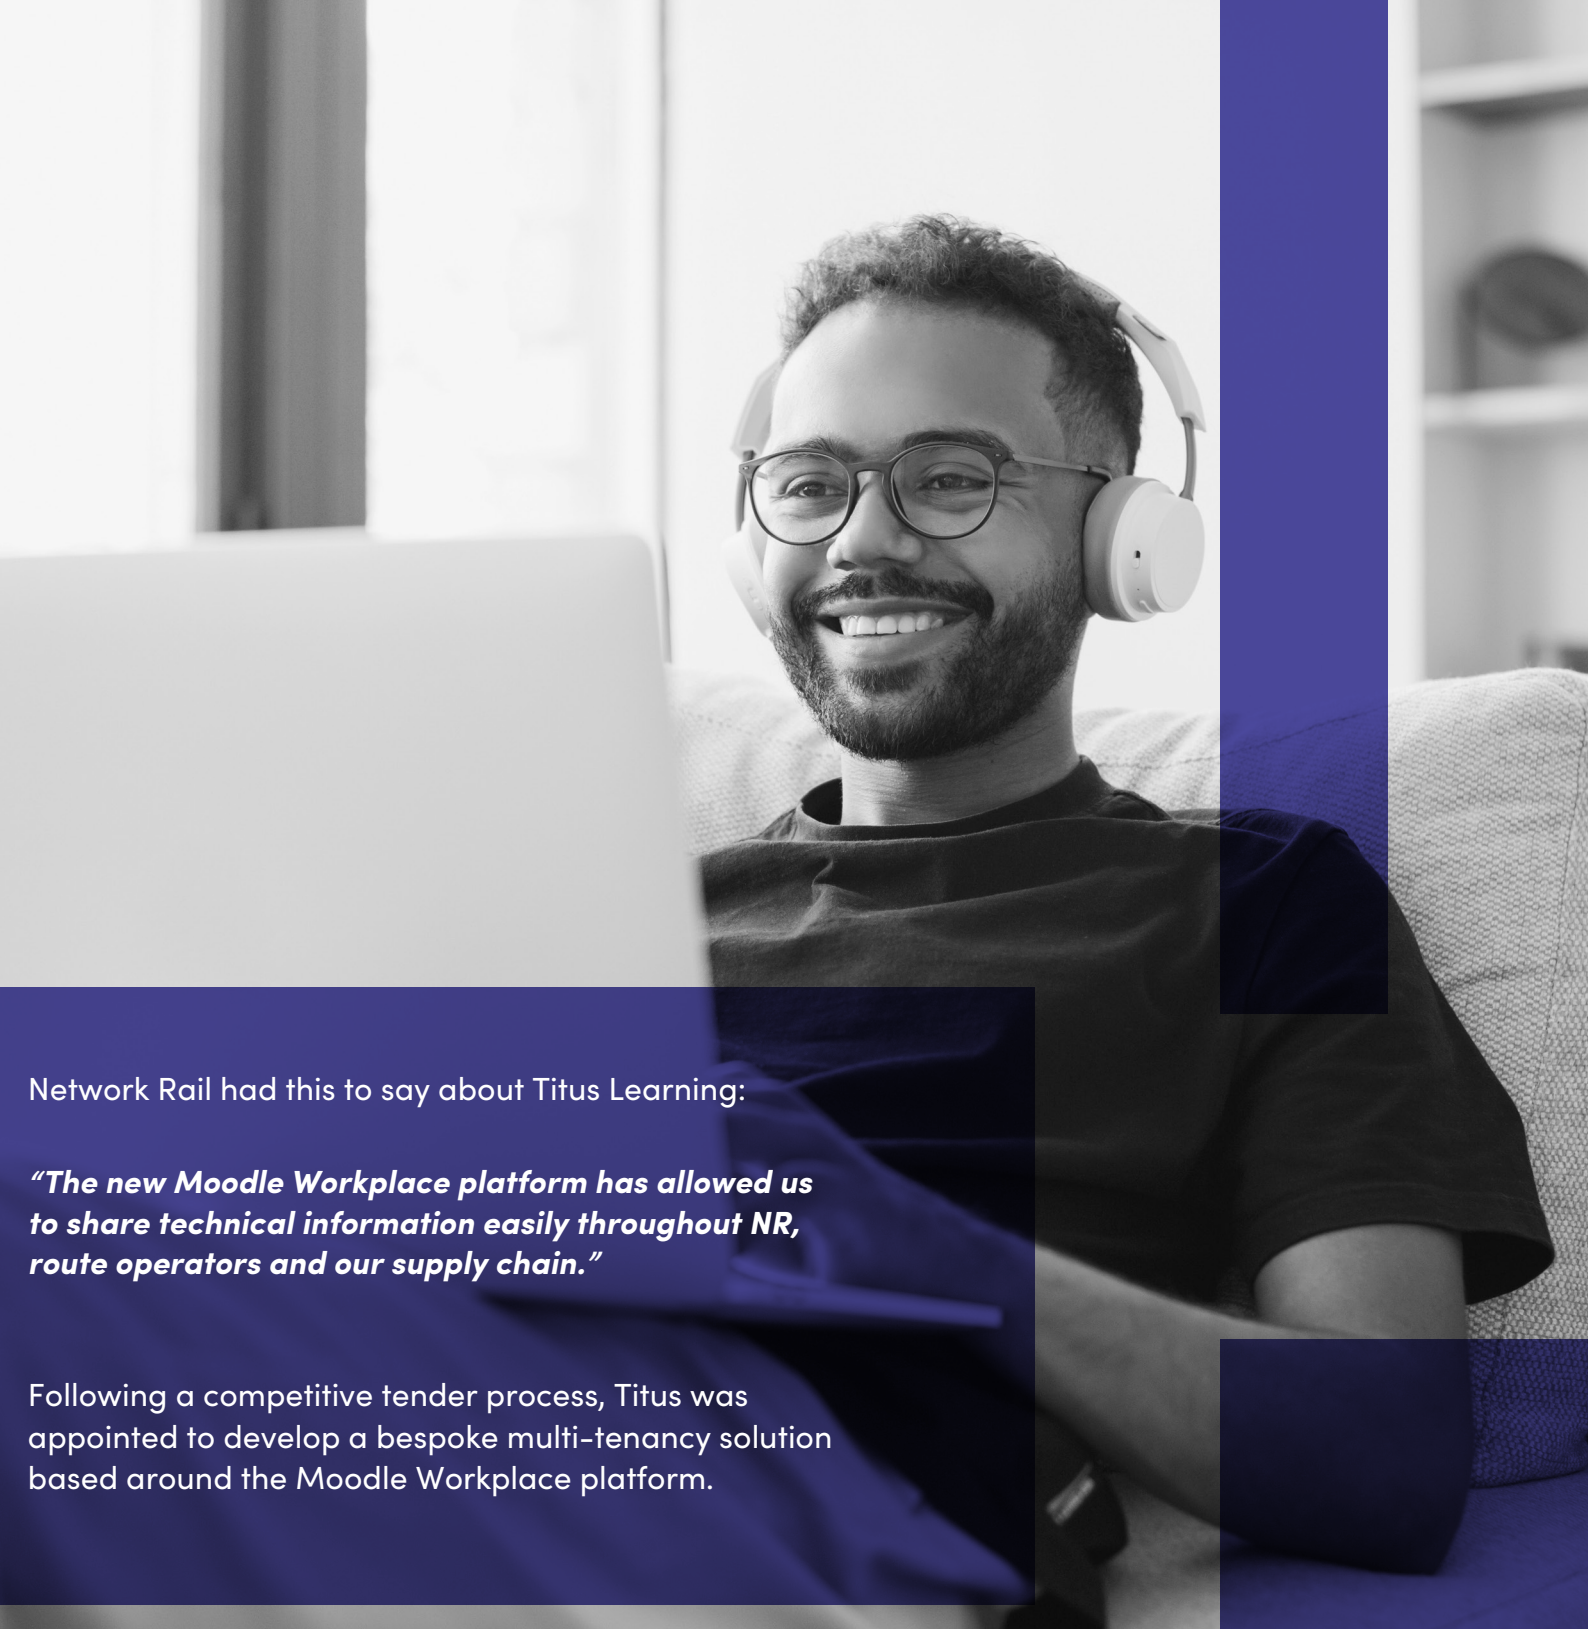

Easy to do business with

Our team will work with you to achieve your training outcomes and we are on a number of public sector frameworks like a DOS, G-Cloud, ESPO, Bloom, and NEPO.

Proven track record of great learning

We helped over 600 organisations with their learning and trained close to 1,000,000 learners on our platform.

Network Rail had this to say about Titus Learning:

"The new Moodle Workplace platform has allowed us to share technical information easily throughout NR, route operators and our supply chain."

Following a competitive tender process, Titus was appointed to develop a bespoke multi-tenancy solution based around the Moodle Workplace platform.
